

## ADOPT A CORNER PROJECT

Last year this program turned out to be a real addition to the beautification of Downtown Charlottetown. Twenty companies adopted corners and the results were exceptional. Beautiful plants and flowering bushes bloomed all over the city. For 2009 we'd like you to adopt your corner . . . or the corner around the corner, or any grassy knoll in the BIA. We need to expand to plant more spots on Prince and Pownall.

Your only expense would be the cost of your plants. What fun for you and your staff. . . a real feel good project and you get to enjoy the results of your labour for the rest of the summer.

Thank you to the City staff and the City Beautification Committee for maintaining these blooming spaces.

### **Win an Award!**

During the City's *Make Charlottetown Bloom Awards*, in August the best Adopted Corner Garden will be presented with an award! Last year's first place winner was the Shop's of Confederation Court Mall with 2<sup>nd</sup> place going to Bill Chandler Architects on Lower Queen and did we not all love those huge beautiful flowers at TD Bank?

A small sign will be placed in your garden to say "Corner Garden Adopted by XYZ Company"

So come on, get involved, have fun with your team and make Charlottetown . . . and especially your corner, just a little more beautiful. Remember, corners and grassy knolls are limited (we already . . . . . reserve yours now by calling the DCI office 368-8636 or email to [dawn@downtowncharlottetown.com](mailto:dawn@downtowncharlottetown.com)
